

Skin/Patch Testing

A skin/patch test is used to determine whether you are allergic to any of the ingredients used in any on-scalp/skin colour application, e.g. full-head colour or eyelash tint. A skin/patch test must be placed on the skin (in the crook of the elbow) 48 hours prior to the service. The skin/patch test must be shown to the stylist/therapist before the service can commence. Pick up your skin or patch test from The Lifestyle Centre.

Payment

You can use cash, debit/credit card or a voucher to pay your bill.
